Sharing book

In order to encourage your child to become a lifelong reader, it is important that they learn to read for pleasure. The sharing book is a book they have chosen for you to enjoy together.

Please remember that you shouldn't expect your child to read this alone. Read it to or with them. Discuss the pictures, enjoy the story, predict what might happen next, use different voices for the characters, explore the facts in a non-fiction book. The main thing is that you have fun! Please record this in your child's reading record.

Reading practice book

This book has been carefully matched to your child's current reading level. If your child is reading it with little help, please don't worry that it's too easy – your child needs to develop fluency and confidence in reading. Please complete each reading session 3x a week. Record when you have read with your child.

Numbots

This maths app should be used as regularly as possible. Numbot certificates will be handed out to children on a Friday. If you would like to access TTRS, please go to the TTRS website and use your numbots log in.
